

# Anchor Light Memorial

At sea, an anchor light is displayed by a ship to indicate that it is at anchor. The LWML 80th anniversary gives us the opportunity to memorialize all those faithful women whose anchor light shined brightly during their lives. We remember their witness of how to remain anchored in the hope of Christ even in the roughest of seas. These women who now rest in the peace and safety of God's harbor, have been our role models by their faith and service. There will be an Anchor Light Memorial display at the Iowa East District Convention, remembering these faithful servants.

- You are invited to send a \$20 mites donation for each woman that you would like to include in the Anchor Light Memorial.
- Please send honorees name, 4X6 photo, and one line about their LWML service. Also include who has given the memorial.
